

**FOR IMMEDIATE RELEASE**

**Commissions Inc (CINC) Recognized as one of Atlanta's Top Places to Work in 2017**

**ATLANTA, GA -- March 22, 2017 --** [Commissions Inc \(CINC\)](#), the #1 real estate tech solution powering elite teams, has been recognized as one of [Atlanta's Top Workplaces](#) in the Atlanta Journal-Constitution's (AJC) 6<sup>th</sup> annual rankings of 150 small, midsize and large companies.

CINC has been included in the AJC's Top Workplaces list of honorees for two consecutive years, with the 2017 award marking a milestone for the brand. This year CINC advanced into the top 10 workplaces with a 9<sup>th</sup> place ranking, also moving from the small to the midsize category following a year of tremendous growth.

"We are honored to be recognized as one of Atlanta's top places to work for the second year in a row," said Jason Hoback, President of CINC. "Our employees are at the heart of everything that we do here, and as such a 9<sup>th</sup> place ranking in the prestigious AJC competition really affirms our commitment to our culture and our people."

Per the AJC, the award is based strictly on employee feedback, highlighting those employers who have invested as much in their employees' well-being as they have in tangible perks, earning the loyalty and affection of their employees in the process.

The Top Workplaces lists are based solely on the results of an employee feedback survey administered by [WorkplaceDynamics, LLC](#), a leading research firm that specializes in organizational health and workplace improvement. 2017 winners were announced on March 21 via a celebratory soirée at The Georgia Aquarium's Oceans Ballroom.

The 2017 AJC Top Places to Work award joins a growing list of accolades for CINC, including three consecutive Atlanta Business Chronicle's (ABC) Pacesetter award wins, two appearances on the Atlanta Chapter of The Association for Corporate Growth's (ACG) Georgia Fast 40 list, as well as a spot on Deloitte's 2016 Technology Fast 500™ honorees. CINC was also announced as one of the Top 40 Innovative Technology Companies in Georgia by the Technology Association of Georgia (TAG) in 2016.
